

The TUBE-SECURE *for Kids*™ is a multi-purpose tube holder. It provides an efficient, standardized system for securing pediatric medical tubing. The device is hypoallergenic, DEHP-FREE and Latex Free. The TUBE-SECURE *for Kids*™ lowers healthcare costs and increases nursing productivity while providing quality care for patients and meeting the healthcare industry standard of care. The TUBE-SECURE *for Kids*™ can be purchased through your preferred medical distributor.

Key Features:

- Improves patient comfort and mobility
- Eliminates the need for constant re-taping
- Permits repeated access to tubing without restricting the flow
- Quick and easy to apply
- Allows patient movement without fear of pulling catheter
- Flexible and lightweight

Compares to:

- Bard – Pediatric Statlock®

LATEX FREE • DEHP-FREE • HYPOALLERGENIC

Securement Areas (not limited to):

- Indwelling urinary catheters
- Gastrostomy tubes (G-Tubes)
