## GB Fix-it

A catheter retainer strap with 2 silicone fixation strips to help secure the catheter or leg bag tubing to the leg comfortably and discreetly.

## GB Fix-it

The GB fix-it is a reusable strap designed to secure a catheter or leg bag tube. It is available in a range of sizes:

- Short: for children
- Adult: for adults
- Abdominal: to fit around the waist

### Key Features:

- It can retain any indwelling or suprapubic catheter as well as any leg bag tubing
- It has a secure velcro fastening which is simple to use
- The 2 silicone lines on the back ensure a secure fit and eliminate slippage
- Raised tab on the fix-it strap allows a better grip for the individual
- The GB fix-it helps reduce pulling on the catheter that can lead to urethral/abdominal pain

Clear labelling denoting size and washing instructions on the reverse

Elasticated strap for security and comfort

Silicone lines for a more secure fit

Raised tab for a better grip
