

LARYNGECTOMY CARE

ACTIBLAM MANUKA HONEY SKINCARE

Actibalm is a topical ointment made up from only two ingredients, white pharmaceutical grade petroleum jelly and 100% Activon Manuka Honey,

The petroleum jelly seals the skin preventing bacteria from entering the affected area and keeps skin moisture from evaporating whilst the honey's antibacterial properties can help heal and soothe.

Using Activon Manuka Honey, blended with petroleum jelly, not only protects the stoma, but heals the skin simultaneously ensuring a healing process to tender or cracked skin and stomas.

Activon Honey is a medical grade Manuka honey which has a reliable level of antibacterial potency not found in other honey products.

Activon is filtered, sterilised and controlled to ensure effective and safe application in wound management.

- Anti-bacterial, effectively kills harmful bacteria
- Maintains moist wound healing environment
- Latex-Free
- UK Manufactured
- CE Marked
